

SGS Tracking- Custom iSAMS Module Information Subject Tracking

How to access:

- Log into iSAMS;
- Go to Teaching & Exams → SGS Tracking;
- Click the 'Tracking' tab.

How to use:

To view the tracking information, simply:

1. Select the desired **Year Group**;
2. Select the desired **Subject**;
3. If required, select the desired specific **Set**.

Select/deselect any checkbox options to display relevant data as desired. As you make any changes the displayed data will automatically refresh.

- al
- be
- ga
- de

Export

Click on column headers to sort data:

											Year 11		
											Oct	Jan	
Prename	Surname ↑	Gender	Form	Set	SEN	EAL	Yellis Score	Yellis Band	Yellis Point Prediction	Yellis Grade Prediction	CW	HW	%

Click on any column header to toggle sort by ascending/descending.

To export the current view to Excel, simply click the 'Export' button.

Please note: data is currently exported without any style formatting, i.e. cell colour/highlighting – this is in development.
